

# Alejandro Jover Morales

Multimedia Engineer. Fullstack developer, UI, UX

## Profesional Profile

Never-stop learning new technologies and growing with them. Love to be up-to-date on new frameworks and follow best practices. Passionate frontender.

Experience working with frontend technologies SASS, LESS, AngularJS, Cordova, Bower, Yeoman, and other libraries. On the backend side I've used MEAN.js and Laravel 5. Worked with RAD Studio since XE6 version and Ionic Framework since beta 14 as cross-platform technologies. MySQL, Oracle, MongoDB, GIT, Subversion, C#.NET, Java SE.

I like SCRUM, Trello, Slack, Heroku and all those tools that make easier your life.
